OBJECTIVE

First-year engineering student (Bac+3) seeking a technical internship in **Data Science, Machine Learning or Software Engineering**. Eager to apply hands-on programming skills and academic foundations to real-world challenges in a dynamic team.

EDUCATION

École Nationale des Sciences Appliquées (ENSA) — Agadir, Morocco <i>Engineering Degree · Data Science, Big Data & AI (Bac+3 level)</i> ■ Relevant coursework: Data Structures, Algorithms (C/Python/Java), Machine Learning, Probability & Statistics, Optimisation	2025 – Present
École Nationale des Sciences Appliquées (ENSA) — Agadir, Morocco <i>Integrated Preparatory Classes · Mathematics, Physics & Computer Science</i> ■ Intensive 3-year programme; developed analytical rigour and ability to perform under high academic pressure	2022 – 2025
Lycée Mohammed VI d'Excellence (Lydex) — Ben Guerir, Morocco <i>Baccalaureate · Mathematics B · Centre of academic excellence</i>	2019 – 2022

PROJECTS

AI-Powered Fashion Styling Platform · Injaz AI-Maghrib Programme ■ Led a team to design a web platform recommending personalised outfits based on weather, event type and user preferences ■ Pitched the product to a professional jury; strengthened leadership, Agile teamwork and public presentation skills	2024 – 2025
Smart Clock · Robotics & IoT Project ■ Programmed Arduino microcontrollers and integrated multi-sensor systems to build a functional smart-clock prototype ■ Competed at an inter-engineering-school competition — demonstrated technical implementation and rapid prototyping	2022 – 2023

TECHNICAL SKILLS

Languages	Python (Advanced) · C · Java · R · MATLAB
Tools & Platforms	Git · GitHub · VS Code · Linux
IoT & Hardware	Arduino · ESP32 · Sensor Integration

CERTIFICATIONS

IBM Python for Data Science, AI & Development · Coursera	In progress
IBM Prompt Engineering Basics — Generative AI & LLMs · Coursera	2024
Google Foundations of Project Management — Agile methodologies · Coursera	2024
IoT Fundamentals — Practical workshops on Internet of Things · Orange Digital Center	2023

LANGUAGES

Arabic — Native
French — B2 · Scientific instruction
English — B2 · Technical & professional

ACTIVITIES

Enactus Club Member · ENSA Agadir
Built a student community platform; developed leadership and communication skills.
